Anxious Don Quixote*

*This is a translation of a chapter from the manga "The Tale of the Windy Knight" by T. S. S. The chapter is a parody of the classic story of Don Quixote. The main character, a young man with long hair, is a fan of the story and has decided to become a knight. He is wearing a white jacket and a dark shirt. He is holding a small, dark, round object in his hands. The background is plain white.
